HEALTH AND SOCIAL CARE

COURSE OVERVIEW

The Level 3 Certificate and Diploma in Health and Social Care: Principles and Contexts qualifications are suitable if you are interested in learning more about the health and social care sectors.

It is an interesting course with varied content. For completion of the Diploma qualification, you will need to undertake a minimum of 100 hours of sector engagement, of which 60 hours must be spent undertaking a work placement. The sector engagement will ensure that you gain real life experience and have the opportunity to experience different roles within health and social care to inform your future career.

This qualification is a double subject, and will take up two of your subject choices.

You have the option of taking Health and Social Care as a triple subject, by combining this course with the AS Level in Health and Social Care.

Health and Social Care is not available as a single subject, or single A Level.

ASSESSMENT

Year 1 (Certificate)

Unit 1: Principles of care and safe practice within outcome-focused, person-centred care (NEA 20 hours)

Unit 2: Factors affecting individuals' growth and development across the lifespan and how this impacts on outcomes, care and support needs (Exam 1 hour 45 minutes)

Unit 3: Promoting the rights of individuals across the lifespan (NEA 20 hours)

Year 2 (Diploma)

Unit 4: Understanding how the human body is affected by common conditions (NEA 15 hours)

Unit 5: Supporting individuals at risk to achieve their desired outcomes (Exam 1 hour 45 minutes)

Unit 6: Working in the health and social care sector (NEA 18 hours)

WHAT NEXT?

The specification provides a coherent, satisfying and worthwhile course of study even if you do not progress to further study in this subject, although you may also progress to other qualifications within the Health and Social Care. It also provides a suitable foundation for the study of health and social care through a range of higher education courses, or apprenticeships.
